FINISH

Artisan's wood finish technology provides the best finish protection available today! The latest state-of-the-art equipment applies multiple coats of an extremely durable, aluminum oxide urethane. Aluminum Oxide urethane provides much better scratch resistance than a job site finish. It also provides excellent household, chemical and stain, resistance, and is very easy to maintain - just damp wipe with recommended wood floor cleaner. Artisan's flooring collections all come with of a 25-Year finish warranty.
