Historic Limestone™

Historic Limestone™ honors the timeless look of limestone with an urban rustic twist. The complete floor, wall and, mosaic assortment revive the appeal of limestone through authentic graphics shown in each piece. Paving the way for design innovation, a new Landmark Hex beautifully combines the look of limestone and wood, creating an intricate latticework pattern. This collection also features Stepwise™ Technology, making it up to 50% more slip-resistant than ordinary glazed tile and allowing you to extend the visuals of stone from your indoor to outdoor spaces. Celebrate limestone's classic appearance while reaching new heights through a mix of shapes and sizes.
