# Playscapes™

Inspired by mid-century modernism, Playscapes™ showcases a lively array of unique wall tile shapes. Each piece has a translucent glaze with an undulated surface mimicking a handcrafted structure. Seven tasteful hues, designed to express today's color trends, are included in this collection for vibrant or delicate spaces. Three different shapes – a 6" Arabesque, 4" Hex, and a 3 x 6 Harlequin embody their own sense of style, perfect for building your personal design aesthetic.
