*"If you want to succeed you should strike out on
new paths, rather than travel the worn paths of
accepted success."*

– John D. Rockefeller

BIGGER IS BETTER

Bigger continues to be better in the eyes of the design world! Crossville now offers their beautiful Hide & Slek line with 12" x 36" wall tile options in a flat or 3D option. They carry a multitude of colors that are sure to make a statement at your home or business.

Crossville Beljn

Soft, yet strong. Rugged, but refined. Inspiring, but down to earth. Beljn by Crossville is all of this and more. This porcelain tile line evokes the grandiose history of Belgium, where its stone inspiration is found, but is decidedly contemporary in color and sizing.

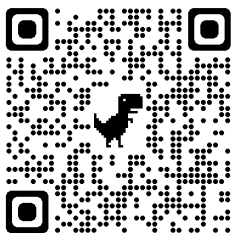

Beljn is extremely versatile. The five hues range from light to dark and are available in two finishes: unpolished, which features Crossville's unique FeatherSoft Finish for an extraordinarily touchable surface, and a bush-hammered style exterior finish designed for grand scale and high fashion in outdoor spaces. Sizes range from traditional 12"x24" to an expansive 24"x48". Square and brick mosaics are available to complement spaces from a commercial shower to a residential backsplash.

Florida Tile Aura

Aura is an elegant replica of the subtle clefted textures and delicate inflections of natural stone. A modern color palette of tone-on-tone neutrals brings an unexpected versatility, suiting both traditional and contemporary settings. The five stone-inspired colorways include: Canvas White – a graceful layering of frost and silver tones; Light Gray – striking gradations of lighter and darker grays atop a backdrop of soft gray; Ash Warm Gray – graphite tones mingled with a seasoned yet unassuming surface; Earth Beige – a velvety mix of warm sand and brown tones; and Antracita Charcoal – a sophisticated, smoky blend of carbon and ash. Rectified field tile formats include: 12x24, 24x24, and 24x48.

A classic 64-piece mosaic and 3x24 bullnose in all five colors round out the collection.
